

# Brita® Hydration Station®

COUNTER-TOP

MODEL 2500.CT

## FEATURES & BENEFITS

### DISPENSER

Fast-flow electronic dispensing, lighted spout and dispensing area

### STAY-COOL

Keeps the filtered water in the cold waterway chilled and ready to serve

### ACCU-TEMP

Serves water at the proper temperatures every time

### SAFETY

Dual operation safety activation lock function for hot and cold water

### SANITARY

SIP® (sanitization-in-place) enhanced sanitization system sanitizes the cold reservoir, waterways and spouts. The system can be programmed to automatically clean daily or to manually clean.

### RELIABILITY

Dual mechanical float system to ensure reliability with the water level control valve

### STYLING

Appliance styling with smooth black finish, 11" dispensing height with hot and cold temperature indicator

### FILTRATION

1,500 gallon (5,678 L) capacity, advanced Brita® filtration system for great-tasting water. The 1 micron coconut carbon block filter is certified to reduce chlorine (taste and odor) and lead, and to remove 99.99% of cysts.\*

## OPTIONS

- ❑ **FILTER:** Brita® model 6441 (formerly model 2512) is the replacement filter for BRITA® HYDRATION STATION® Model 2500.CT
- ❑ **LEAK DETECTION:** Detects water leak in distribution lines and shuts off water flowing through valve, part# 0006532549

## SPECIFICATIONS

Model 2500.CT BRITA® HYDRATION STATION® is a counter-top filtered water dispenser constructed of durable HDPE & ABS plastic and features a 0.94 gallon (3.5 L) cold tank and 0.37 gallon (1.4 L) hot tank. Flow rate is .55 GPM (2.09 LPM). 115 volt. Overall size: 14.25" W x 19.75" D x 17.31" H, 35.3 lbs.

## APPLICATIONS

With a professional, appliance-like design, the BRITA® HYDRATION STATION® Model 2500.CT is a great fit in areas where aesthetics are important to the overall appeal of the room. Not only is the design of this counter-top water cooler stylish, the self cleaning technology (SIP® Enhanced - sanitization-in-place), the Accu-Temp and Stay-Cool technology make it unique to the market place and ensure great-tasting water at the perfect temperature. The hot water feature is perfect for coffee, teas, soups and other foods and beverages. The counter-top unit has an overall height of 17.3" and will easily fit under most kitchen cabinets.

Tested and certified by CSA against NSF/ANSI 42 for the reduction of chlorine (taste and odor) and against NSF/ANSI 53 for the reduction of lead and cysts, NSF/ANSI 372, and California Health and Safety Code 116875 (AB 1953). All components are UL Listed.
