

Counter-Top Model 2500.CT

FEATURES AND BENEFITS

RECESSED, ELECTRONIC SPIGOT

Fast-flow, electronic dispensing, with recessed lighted spout for sanitary activation.

ACCU-TEMP

Serves water at the perfect temperature every time.

SANITATION-IN-PLACE (SIP®)

Enhanced in-tank self-sanitization system programmed to clean reservoir and waterways automatically for low maintenance.

ADVANCED BRITA® FILTRATION SYSTEM

1,500-gallon (5678 L) capacity with superior certifications for great-tasting water. The 1 micron filter uses activated coconut carbon block to reduce chlorine (taste and odor) and lead, and removes 99.99% of cysts.*

CERTIFICATION

Unit is certified by CSA to NSF/ANSI 42, 53, 61 and 372. Compliant to California Health and Safety Code (AB 1953). All components are UL listed.

DURABLE BUILD

440 stainless steel water reservoir and a dual mechanical float system.

SAFETY FUNCTION

Dual operation safety activation lock function for hot water safety.

SUSTAINABLE ALTERNATIVE

This Brita® Hydration Station® can reduce as many as 11,300 bottles each year.**
