

AXION ADVANTAGE® SYSTEMS

AXION Advantage eye/face wash head installed on Encon model 01050216

AXION Advantage eye/face wash head included on Haws® model 7260B-7270B

AXION Advantage systems offer safety professionals the medically superior AXION® MSR design and technology for upgrading existing emergency equipment, providing the optimal victim comfort solution while maintaining ANSI compliance.

WHY AXION MSR?

AXION's revolutionary inverted water flow design sweeps contaminants away from the interior of the eye and the vulnerable nasal cavity making it the only eye/face wash system that is consistent with standard medical protocols and the natural function of the human eye.

INJURY REDUCTION

Inverted eye/face wash streams gently sweep contaminants away from the eye interior and nasal cavity.

INCREASED VICTIM COMFORT

Laminar flow eye/face wash streams provide even, consistent, predictable stream height for greater user comfort.

ANSI Z358.1 COMPLIANCE

Correctly installed and tested AXION MSR products for ANSI compliance

RESOLVES COMMON COMPLIANCE ISSUES

AXION MSR solves 3 common ANSI Z358.1 non-compliance issues.

LACK OF SIMULTANEOUS FLOW

When installed together, the AXION MSR eye/face wash head and showerhead provide the simultaneous flows needed to meet the ANSI Standard. [Sec. 7.3, 7.4.4]

LACK OF CONTROLLED NON-INJURIOUS FLOW

AXION MSR products provide laminar flow eye/face wash streams for even, consistent, predictable stream height and circumference for greater user comfort, encouraging use for the full 15-minute ANSI Z358.1 requirement. [sec. 5.1.1, 6.1.1, 7.1]

UNEVEN FLOW PATTERN

AXION MSR provides a controlled flow to both eyes simultaneously with comfortable water pressure. [sec. 5.1.6, 7.1]

AXION advantage®

Each AXION Advantage system includes the necessary pieces to convert 80% of existing competitive eyewashes and showers: an AXION MSR eye/face wash or an AXION MSR eye/face wash and showerhead, connecting hardware options and accessories, ANSI eyewash testing gauge, tape measure, complete install instructions, and ANSI Z358.1 compliance and testing guidelines.

The AXION Advantage system is ideal for:

- Environmental Health and Safety Professionals • Facility Managers
- Laboratory and Medical Professionals • Schools and Universities
- Industrial and Manufacturing Facilities • Heavy Industry
- Business Office and Warehouse Locations

Model AX14S

AXION ADVANTAGE MODEL CONFIGURATIONS:

- Model AX13** Eye/face wash upgrade system with green ABS plastic eye/face wash head
- Model AX13S** Eye/face wash upgrade system with stainless steel eye/face wash head
- Model AX14** Shower and eye/face wash upgrade system with green ABS plastic eye/face wash head and showerhead
- Model AX14S** Shower and eye/face wash upgrade system with stainless steel eye/face wash head and showerhead
