Model 9050 Safety Kit

TO ORDER ADDITIONAL SAFETY KITS:

Contact your nearest Haws Representative or call Haws Customer Service at
1-888-640-4297 (toll free), Sparks, Nevada.

Definition

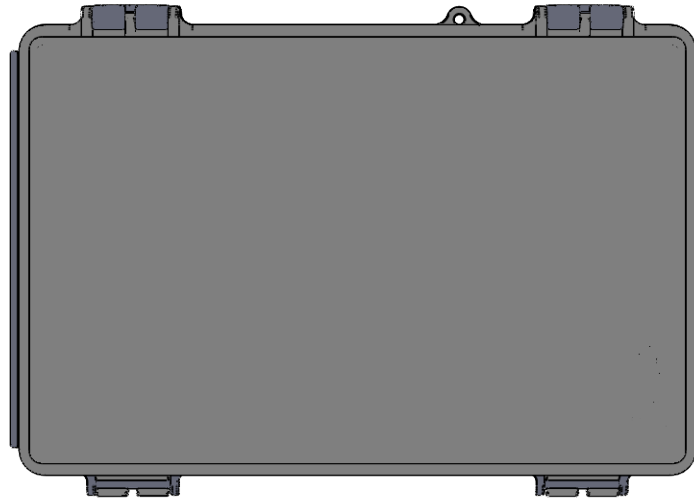

Model 9050 is a Safety Kit containing Medical Scissors, Emergency Blanket, Shower Shoes, Soap, and a Towel to assist the user of a safety shower or eyewash during and after rinsing. During an exposure that requires the use of a safety shower or eyewash, clothing may become contaminated and need to be removed. The items contained in the Safety Kit assist with removing clothing, washing and post-rinsing comfort.

Installation Instructions

The Safety Kit should be mounted in an accessible location near the safety shower or eyewash, and away from flushing fluid, to prevent contents from getting wet while flushing fluid is flowing. Use provided hardware to mount Safety Kit to the side of an 8710, 8730, or 8720 enclosure.

Maintenance

The Safety Kit should always remain fully stocked. A tamper seal can be used for easy identification that contents have not been removed. Ease of access should not be restricted by the tamper seal.

9050 SAFETY KIT CONTENTS
 MEDICAL SCISSORS
 EMERGENCY BLANKET
 SHOWER SHOES
 SOAP
 TOWEL

NOTES:

1. USE PROVIDED #8 SELF DRILLING SCREWS TO MOUNT SAFETY KIT TO SIDE OF 8710, 8730 OR 8720 ENCLOSURE.
