ADA Outdoor Vandal-Resistant Filtered Stainless Steel Pedestal Fountain

## FEATURES & BENEFITS

### ADA COMPLIANCE

ADA-compliant drinking fountain required for wheel chair use, and for the standing person.

### FRONT APPROACH

Face the water stations frontward and the overall footprint needed decreases, saving 33% of the hard scape required for access compliance. This also allows the fountain to be placed with its back to within 8 inches of a wall or a fence.

### DRINKING FOUNTAIN VALVES

The push-button activated valves offer the only all stainless steel valve body that is machined out of solid bar stock, is fully serviceable through the front of the push button assembly offering access to the water control cartridge and integral water supply strainer, and with front access to the water stream height adjustment for easy maintenance without having to remove the valve. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar)

### BUBBLER HEADS

Polished chrome plated brass bubbler heads with integral 5/8" dia. threaded shanks for vandal resistant strength, and top-down access for nozzle replacement or water line service, with .45 gpm flow rate.

### CONSTRUCTION

Heavy-duty stainless steel with silver powder-coated finish, and stainless-steel drinking fountain bowls. Modular construction allows for easy replacement or re-arrangement of drinking fountain bowls and bottle filler modules.

### VANDAL RESISTANT

The bubbler heads, push buttons, drain strainers and access plates are locked in place, discouraging unwanted vandal tampering.

### DRAIN CLEAN-OUT

Heavy-duty stainless steel with silver powder-coated finish, and stainless-steel drinking fountain bowls. Modular construction allows for easy replacement or re-arrangement of drinking fountain bowls and bottle filler modules.

## OPTIONS

- Pet Fountain: Model 3670, dog bowl attachment for 3600 series pedestal fountains.
- Hose Bib: Model 3660, lockable hose bib attachment for 3600 series pedestal fountains.
- Installation Aid: Model MTG.3600, mounting guide for 3600 series pedestals.
- Freeze-Resistant Option: Model 3602FR, ADA stainless steel freeze-resistant drinking fountain.

## SPECIFICATIONS

Model 3602F ADA vandal-resistant outdoor, compliant pedestal mounted drinking fountain shall include a heavy-duty stainless steel pedestal with matte silver powder-coating, 3000 gallon carbon block filter reduces chlorine (taste and odor) and lead, and removes 99.99% of cysts with mounting bracket, push-button operated stainless steel valves with front accessible cartridge and flow adjustment, polished chrome-plated brass vandal-resistant shielded bubbler heads with integral 5/8" dia. threaded shank and top-down access to renewable nozzles, 100% lead-free waterways, polished chrome-plated vandal-resistant waste strainers with top-down clean-out access to the drain, vandal-resistant access plates, integral mounting feet, and 1-1/2" slip waste.

## APPLICATIONS

The 3602F offers a solution for the changing needs of outdoor settings as well as outdoor wheelchair access, appealing to all users through accessibility and safety. This outdoor drinking fountain is ideal in areas such as parks, schools, and other outdoor areas where hydration facilities are needed. Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains, faucets and electric water coolers to be lead-free by all known definitions including NSF/ANSI/CAN 61-Section 9, NSF/ANSI Standards 42 & 53, NSF/ANSI/ CAN 372, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006), and NSF/ANSI/CAN 61: Q ≤ 1.
