

## FEATURES & BENEFITS

### CONSTRUCTION

Fountain is made of 18 gauge Type 304 stainless steel, and bottle filler made of 14-gauge Type 304 stainless steel, both with a satin finish that resists stains and corrosion, and have soft, rounded corners. Unit features stainless steel satin finish back panels, vandal-resistant bottom plates, and 1-1/4" integral trap.

### FREEZE-RESISTANT VALVES

Fully engineered system with the pneumatic-operated, freeze-resistant valves mounted in cabinets that are installed on the inside wall where room temperature does not drop below 50° F (10° C). When valves goes to off position, water left in supply line between valve and bubbler or bottle filler drains back into waste inside cabinet, protecting the unit from freezing, and allowing fountain to function year-round.

### MOUNTING PLATES

In-wall 3/16" thick steel mounting plates add extra wall support when mounting the fountain and bottle filler.

### BUBBLER HEAD

Polished chrome-plated brass bubbler head with integral 11/16" dia. basin shank and stainless anti-rotation roll pin for vandal resistance strength. Shielded, angled stream opening provides a steady, sanitary source of drinking water at .45 gpm.

### VANDAL RESISTANT

The bubbler head, push button, drain strainer and bottom plate are locked in place, discouraging unwanted vandal tampering.

## OPTIONS

- Support Frame: Model 6800 universal in-wall mounting support for use with most fountains.

## SPECIFICATIONS

Model 1109FRP wall mounted vandal-resistant barrier-free drinking fountain and bottle filler shall include an 18 gauge Type 304 Stainless Steel satin finish basin, drip tray for bottle placement during filling, polished chrome-plated brass vandal-resistant bubbler head, polished chrome-plated brass vandal-resistant push-buttons, pneumatic valves installed on the inside wall where room temperatures do not drop below 50° F (10° C), in-wall 3/16" thick steel mounting plates for fountain and bottle filler, self-draining water lines which protect the unit from freezing, stainless steel pack panels, polished chrome-plated brass vandal resistant waste strainer, vandal-resistant stainless bottom plates, and 1-1/4" O.D. (3.2 cm) waste pipe. In extreme environments related to heat and cold, product(s) must be protected from damage/exposure due to these extreme conditions.

## APPLICATIONS

Perfect for either public or private outdoor settings, Model 1109FRP is a great fit in areas where aesthetics are important to the overall appeal of the architecture. Beautiful satin finish helps to maintain the fountains overall appeal. Specifically, this type of wall mounted drinking fountain may be placed in settings such as: parks, schools, and other facilities where the temperature may drop into freezing conditions. Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains, faucets and electric water coolers to be lead-free by all known definitions including NSF/ANSI/CAN 61-Section 9, NSF/ANSI/CAN 372, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006), and 116876 (AB 100) "NSF/ANSI/CAN 61: Q ≤ 1".
