

FEATURES & BENEFITS

CONSTRUCTION

One-piece drinking fountains with low-profile design made of 14 gauge Type 304 stainless steel with 1/4" (.6 cm) thick stainless back plates welded in, and vandal-resistant stainless bottom plates. Satin finish resists stains and corrosion.

VANDAL-RESISTANT

The bubbler heads, push buttons, drain strainers and bottom plates are locked in place, discouraging unwanted vandal tampering.

DRINKING FOUNTAIN VALVES

The push-button activated valve offers the only all stainless steel valve body that is machined out of solid bar stock, is fully serviceable through the front of the push button assembly offering access to the water control cartridge and integral water supply strainer, and with front access to the water stream height adjustment for easy maintenance without having to remove the valve. Operating pressure range of 30 to 90 psi (2.1 to 6.2 bar).

BUBBLER HEADS

Polished chrome-plated brass bubbler head with integral basin shank for added strength. Shielded, angled stream opening provides a steady, sanitary source of drinking water at .45 gpm.

INTEGRATED TRAP

All cast brass 1-1/4" NPT adjustable traps completely concealed inside bottom plates for easy installation and lack of unwanted access.

CUSTOM LOGO PANEL

Personalize your new or existing fountain or bottle filler where space permits with an optional customizable 10" high by 4.25" wide stainless steel panel. Virtually any company logo, event logo or graphic can be placed on this panel. Mounted with strong, moisture-resistant adhesive backing.

SPECIFICATIONS

Model 1117 low profile wall-mounted vandal-resistant ADA drinking fountain shall include dual 14 gauge Type 304 stainless steel satin-finish basins with integral 1/4" (.6 cm) thick stainless steel mounting plates, vandal-resistant push-button operated stainless steel valves with front-accessible cartridge, in-line strainer and flow adjustment provide 100% lead free waterways, polished chrome-plated brass vandal-resistant bubbler heads, polished chrome-plated brass vandal-resistant waste strainers, vandal-resistant bottom plates, stainless steel satin finish back panel, and 1-1/4" NPT concealed all cast-brass traps. In extreme environments related to heat and cold, product(s) must be protected from damage/exposure due to these extreme conditions.

APPLICATIONS

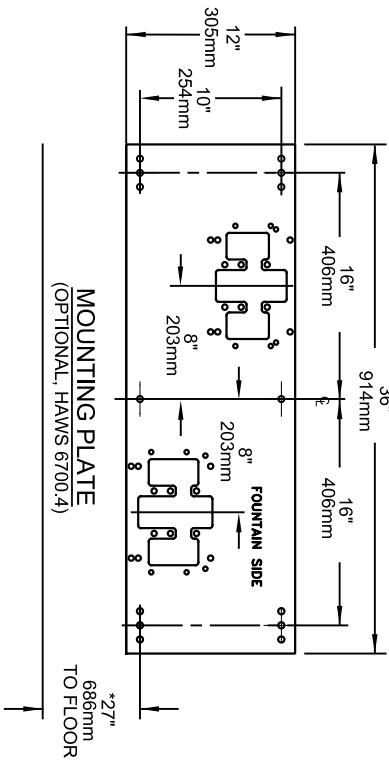

Perfect for either public or private indoor/outdoor settings, Model 1117 is a great fit in areas where aesthetics are important to the overall appeal of the architecture. Beautiful satin finish helps to maintain the fountains overall appeal. Specifically, this type of wall mounted drinking fountain may be placed in settings such as: schools and other locations in and around office buildings where the temperature remains above freezing. Model meets all current Federal Regulations for the disabled including those in the Americans with Disabilities Act. Haws manufactures drinking fountains, faucets and electric water coolers to be lead-free by all known definitions including NSF/ANSI/CAN 61-Section 9, NSF/ANSI/ CAN 372, California Proposition 65, and the Federal Safe Drinking Water Act. Product is compliant to California Health and Safety Code 116875 (AB 1953-2006), and 116876 (AB 100) "NSF/ANSI/CAN 61: Q \leq 1".
